TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Home in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world."

This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretend to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on applications, in person or by letter, to CHARLES McCAS, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

JAMES ANDERSON,

The Evening Post.

WILMINGTON, N. C.

Wednesday, September 17th, 1873.

they will see that the task assigned to the President is not an easy one. It will not, at least, perform itself. Various names have been suggested from time to time in the public journals, and they have been sustained in the main by comments that showed a just appreciation of the character of man needed in every respect but one—the conspicuousness of his fitness. Doubtless it may happen that when the President has made his selection, the friends of the gentleman who have been introduced to the attention of the public may think that their respective candidates would have satisfied the conditions better. But we are confident that the country at large will trust the President to act according to his best judgment, sincerely and honestly, and with a single view to all the elements of the case. The public view in his good faith and good sense is very strong, and it has been so thoroughly justified by experience that when he has performed this most delicate and difficult duty he may count on a candid appreciation of both his act and his motives.

The Crow Treaty.

During the last session of Congress an act was passed authorizing the Secretary of the Interior to negotiate with the Crow Indians in the Territory of Montana for the surrender of their reservation in said Territory, or of such part thereof as may be consistent with the welfare of the said Indians. (Act approved March 8, 1873.)

Under this act a commission, consisting of Felix R. Brunot, chairman of the Board of Commissioners, General E. Whittlesey, and Mr. James Wright, Thomas K. Cree, Secretary of the Board of Indian Commissioners, acting as Secretary, met the Crows in council near Bozeman, Montana Territory, Aug. 11.

There were present on the part of the Mountain Crows, Iron Bull, Blackfoot, Thin Belly, Bear Wolf, Old Crow, Good Heart, and many other prominent chiefs; and of the River Crows, Little Soldier and Wolf Bow.

The council lasted four days, during which many eloquent speeches were made by the Indians, who, after much counsel among themselves, agreed to accept in lieu of their present reservation a tract of country on the Missouri, known as Judith's Basin.

The United States to set apart the sum of \$1,000,000 to be held in trust for the benefit of the Crows; and to prevent wolfing and hunting of game in their country.

It being expressly understood that their present position is in nowise changed by this agreement until the action of Congress shall be had on it.

No promises or inducements were held out to the Indians other than those embodied in the agreement, and no confederacies were had with any of the chiefs except in public council.

The councils were well attended, all the chiefs and head men, and many of the Indian men and women, being present at every session, and the Commission feel satisfied that the action of the council meets with the almost unanimous approval of the Indians.

If the Senate and House of Representatives ratify this agreement more than six millions of acres of valuable mining lands will be opened up to settlement.

The Commissioners speak very well of the Crows, and of their very good disposition towards the whites.—*Chronicle.*

The Pathos of Poverty.

A Detroit newspaper tells the following story: A boy about ten years of age, called at the central station and asked if that was the place where they shot dogs.—Being answered affirmatively, he said, "Will please my poor little dog, I'll give you a good dog, and he plays with the baby all day; but father's dead, and mother's sick, and I can't raise money to get a license." Then, turning to the dog, the boy lifted him up tenderly and stroked him, saying, "Poor Dan! how Billy will cry when I tell him you are dead!" Great tears rolled down the boy's face, and in a little while those around him made up a sufficient to save his dog, and a person went with him after the license.

The boy's eyes fairly sparkled at his unexpected luck, and speaking to the dog, he cried out, "You're saved, Dan! you're saved; let's go right home to Billy!"

From an official return recently issued of the number of deer kept in each of the Royal parks in Great Britain and Ireland, it appears that taking an average of the last ten years, 658 deer have been kept in Windsor Great Park, and an average of 128 deer have been killed annually. An average of 2,889 deer have been kept in the parks at Richmond, Hampton Court, Bushy, and Greenwich.

The *Sentinel* says: "Noah Fox, of Alexander county, convicted of larceny at the Spring Term, 1868, and sentenced by Judge Mitchell to ten years imprisonment, was pardoned on yesterday by the Governor. He is a young man and was drawn into the crime by his father, who was convicted at the same time, but has since died in the penitentiary. His pardon was recommended by Judge Mitchell, Solicitor Caldwell, the prison authorities and others.

The Governor also issued a pardon for Geo. C. McCall, convicted of larceny at January term, Wake Superior Court, 1870, and sentenced to ten years imprisonment by Judge Watts. McCall is 60 years of age and is very feeble. His pardon was recommended by the Judge, Solicitor Cox, Penitentiary authorities and a large number of citizens.

Ann Eliza, a scientific young lady in Poughkeepsie, pretends that she can analyze anything.

PUBLIC MEETING.

ALL GOOD CITIZENS are hereby requested to assemble at the City Court Room, Thursday Night at 8:00 o'clock.

To devise some means for the relief of the citizens of Shreveport, La., who are suffering from the scourge of Yellow Fever.

In the dark hours of our distress, when this terrible scourge was devastating our city our neighboring cities assisted us with money, provisions and nurses, without which many more would have died. It now becomes our duty to aid other cities in similar distress to the full extent of our ability.

No city can appreciate the importance of prompt aid more thoroughly than Wilmington, and no city owes more to suffering humanity.

This call is made at the request of a large number of prominent citizens, and it is hoped there will be a full attendance.

PUBLIC MEETING.

ALL GOOD CITIZENS are hereby requested to assemble at the City Court Room, Thursday Night at 8:00 o'clock.

To devise some means for the relief of the citizens of Shreveport, La., who are suffering from the scourge of Yellow Fever.

In the dark hours of our distress, when this terrible scourge was devastating our city our neighboring cities assisted us with money, provisions and nurses, without which many more would have died. It now becomes our duty to aid other cities in similar distress to the full extent of our ability.

No city can appreciate the importance of prompt aid more thoroughly than Wilmington, and no city owes more to suffering humanity.

This call is made at the request of a large number of prominent citizens, and it is hoped there will be a full attendance.

PROSPECTUS. THE EVENING POST. J. C. MANN, EDITOR & PROPRIETOR. Published every evening, except Sunday, at Five Dollars per Annum. The Post is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the LATEST NEWS, up to the time of going to press, TELEGRAPHIC, BY MAIL, COMMERCIAL AND LOCAL. It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give RELIABLE INTELLIGENCE, its publisher hopes it will prove a welcome guest in many families. THE POST is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an Advertising Medium it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the Post is UNSWERVINGLY REPUBLICAN. Its editor having been a consistent member of that party since 1855, through its vicissitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however, an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech. THE ADVERTISING RATES OF THE POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage. THE EVENING POST is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether EDUCATIONAL, AGRICULTURAL, MECHANICAL, or COMMERCIAL, will find an enthusiastic ally in THE POST. THE POST is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions. July 31 62-1f

Read! Read! Read! GREAT DISCOVERY. BRADLEY'S PATENT ENAMEL PAINT! MADE FROM PURE WHITE LEAD, LINSEED OIL AND ZINC! "CHEMICALLY COMBINED." CAN BE APPLIED BY ANY ONE! MIXED READY FOR USE. SOLD BY THE GALLON. ONE GALLON COVERS 20 SQUARE YARDS, 2 COATS! Specimens of Different Colors Can be seen at This Office! READ THE FOLLOWING TESTIMONIALS! WILL LAST THREE TIMES AS LONG AS THE BEST LEAD. AND OIL MIXED IN THE ORDINARY WAY. ALWAYS READY FOR USE. SOLD BY THE GALLON. One Gallon Covers Twenty Square Yards, Two Coats. "SPECIMEN AND PRICE LIST FURNISHED GRATIS." We especially call the attention to the following testimonials of the Paint: C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now, as when first painted, and consider it a good Paint. Yours, truly, Cresswell P. O., Harford county, Md., Feb. 6th, 1873. A. H. STRASSBAUGH. THE PLAINS, FAUCQUIER CO., VA., Feb. 6th, 1873. Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks (not constant work), completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handiwork job in the place. I saved fifty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never doubted in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you), to make what use you think proper of this letter. Very respectfully and truly, S. MCGILL, M. D. To THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears sound and fresh as when put on. Of the numerous advantages it possesses, over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers; its quickly drying properties, which saves much time in the execution of work; and its perfectly perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate. WM. E. SINN, Front Street Theatre, BALTIMORE, April 25, 1873. Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given us great satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, respectfully, JACOB STOFFER & SON. FROM HON. JOHN WETHERED. Mr. C. P. Knight—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than not promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor. Yours, Respectfully, JOHN WETHERED. BALTIMORE, December 27th, 1871. C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you will be cheerfully endorsed as the best of any kind we have ever used in covering qualities, in gloss, and in adaptability to all kinds of surface of material, which must, we think, resist the action of all kinds of weather, and with a hard gloss, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St. House, Sign and Fresco Painters.
